2019

&

3rd SALON OF SPARKLING
WINES ZAGREB

1st February 2019

6th SALON OF SPARKLING
WINES LJUBLJANA

15th February 2019

The success of the recent salons in Ljubljana and Zagreb and the greatest competition of sparkling wines in the region has shown that with the help of (sparkling) wines we can successfully connect the neighboring countries and their capitals, thus promoting excellent (sparkling) wines, co-operation and honest friendships. In that respect, we have decided to expand the international network of salons of sparkling wines, as an EU project.

We invite you to toast together the »Unity in diversity« at the beginning of 2019 on the occasion of the Salons of sparkling wines in Zagreb and Ljubljana

The Salons of sparkling wines are located in the attractive locations in the center of the capitals (Hotel Dubrovnik in Zagreb and Hotel Slon in Ljubljana), which provide excellent conditions for the presentation of high-quality sparkling wines, and are attractive and interesting for (domestic and foreign) visitors. Each salon has up to 40 exhibitors, which are represented on uniformed exhibition counters. One part of the event is dedicated to culinary delights, paired with sparkling wines. An integral part of the salons are workshops and guided tastings.

In addition to the Salons of Sparkling Wines, each year a large international competition of sparkling wines is organized. All wines presented at any of the Salon of Sparkling Wines can be nominated. The competition is common to all salons and is organized in one of the capitals hosting a Salon of sparkling wines.
